SERIES SEVENTY-THREE SYSTEMS

KP-5B	\$ 419.95
KP-5S	439.95
KP-7B	469.95
KP-7S	489.95
KP-7Z (two-stick open gimbal)	499.95

The above systems include a transmitter, receiver, four servos of your choice, rechargeable transmitter battery pack, rechargeable KB-4E receiver battery pack, charger, switch harness, frequency flags, and appropriate servo trays.

Please specify the following when ordering: Type of system, transmitter stick mode, frequency, and servos desired. Unless otherwise specified, orders for two-stick transmitters will be shipped as Mode II. Deduct \$4.00 per servo for units ordered with KPS-11A servos.

Control Stick Modes — KP-5B, KP-7B, and KP-7Z only:

LEFT STICK	RIGHT STICK
Mode I Elevator-Rudder	Throttle-Aileron
Mode II Throttle-Rudder	Elevator-Aileron

Single Stick: Elevator-Aileron-Rudder on one control stick.

Optional dual conversion receiver (KPR-7D) may be ordered with any five or seven channel system for an additional \$50.00.

The dual frequency option may be ordered with any system for an additional \$40.00. When ordering a unit with this option, add an "X" suffix to the model number, i.e., KP-5BX. Specify any two adjacent frequencies on the same band. DUAL FREQUENCY IS NOT AVAILABLE with the KPR-7D dual conversion receiver or with the KP-7Z open gimbal system, and it is not available on 75.640 MHz or on any of the 53 MHz frequencies.

KP-3B	\$ 209.95
KP-3S	219.95

The 3 channel systems include a transmitter, receiver, two servos of your choice, rechargeable transmitter battery pack, rechargeable KB-4E receiver battery pack, charger, switch harness, and frequency flags. Please specify frequency and servos desired when ordering. An additional servo for the third channel is available at the retail prices shown ahead.

Optional dual conversion receiver (KPR-7D) may be ordered with either system for an additional \$50.00.

The dual frequency option may be ordered with either system for an additional \$40.00. See ordering information for 5 and 7 channel systems.

KP-3B and KP-3S systems cannot be converted for additional channels.

SPORT SERIES

KP-5	\$ 299.95
----------------	-----------

This system includes a transmitter, receiver, four KPS-11A servos, rechargeable transmitter battery pack, rechargeable KB-4ES receiver battery pack, charger (built into transmitter), switch harness (wired into battery pack), and frequency flags.

The KP-5 system is supplied with KPS-11A servos and in the two-stick, Mode II configuration only. It can be easily converted to Mode I by the purchaser. No servo substitutions are allowed. This system is NOT AVAILABLE on the 53 MHz frequencies, cannot be converted for additional channels, and is not available with the dual frequency option or the KPR-7D dual conversion receiver.

KP-2B	\$ 119.95
KP-2S	129.95

The 2 channel systems include a transmitter, receiver-servo package with switch harness, KB-4D dry battery case, and frequency flags. Batteries for the transmitter and receiver are not included.

An optional rechargeable KB-4E battery pack and KBC charger combination for the receiver-servo package is available for an additional \$30.95.

The dual frequency option may be ordered with either system for an additional \$40.00. See ordering information for 5 and 7 channel systems.

KP-2B and KP-2S systems are not available on any of the 53 MHz frequencies, and cannot be converted for additional channels.
